

A black and white line drawing of a space scene. In the center, a large rocket ship is angled upwards, with flames and smoke coming out of its engines. To the left of the rocket is a crescent moon with a smiling face and closed eyes. To the right of the rocket is a planet with horizontal stripes and a ring system, similar to Saturn. Above the rocket is a shooting star with a long, curved tail. Below the rocket are two large, stylized clouds. The background is filled with many small stars and dots. The word "PLANET" is written in large, bold, outlined letters across the middle of the image.

PLANET
